EXPERIENCE

IDI Composites – Noblesville, IN   May 2025 - Present
MIS Analytics Intern
- Designed and developed interactive Power BI dashboards to visualize sales forecasts, improving visibility into key performance metrics for senior leadership.
- Analyzed trends across historical sales data and forecast models to support strategic planning and supply chain decisions.
- Worked with cross-functional teams to gather requirements and translate business needs into actionable insights and visual reports.

Assiduous – Dublin, IR   May 2024 – August 2024
Business Analyst Intern
- Collaborated on automating and visualizing data, transitioning it from Excel to Power BI and Python.
- Developed PowerPoint visuals and content for client pitch decks.
- Created complex Excel financial models from client corporate finance data that provided detailed analysis of company performance used by the client strategy team.

LEADERSHIP

Alpha Sigma Phi– Bloomington, IN   May 2022 – May 2024
Scholarship Committee
- Provided academic support and tutoring to peers in over 10 undergraduate business courses, including Financial Accounting and Computers in Business, tailoring sessions to individual learning styles and course requirements.
- Played a key role in maintaining academic excellence within the organization, contributing to a sustained house GPA of 3.23 through proactive check-ins, study sessions, and exam preparation workshops.
- Fostered a collaborative learning environment that encouraged accountability, academic confidence, and continuous improvement among members.

Technology Management Club – Bloomington, IN   May 2022 – May 2024
Finance Committee

- Spearheaded fundraising initiatives that supported key club activities, including securing funding for guest speaker events, workshops, and networking opportunities with tech industry leaders.
- Collaborated with fellow committee members to create and manage the club's budget, ensuring responsible allocation of resources for maximum member engagement and impact.
- Strengthened communication and organizational skills by coordinating with external sponsors and university departments to facilitate event logistics and funding approval.
